Any licensee seeking a special condition to the base license shall be subject to specific requirements established by the Local Liquor Control Commission, including, but not limited to minimum age restrictions, lighting, fencing, prohibition of amplified sound or entertainment, limiting sales or consumption to non-glass containers, reduced hours of operation, etc.
2. Application for special condition can be made during initial or renewal processes, or at any time during the license year upon submission of application for such condition in addition to other items required for approval.
